"Josh and Jana Lyons have remained friends through the years since I took the John and Josh Lyons Certification Program back in 2003. Through the years I have continued to study under Josh's tutelage whenever possible and feel he has contributed greatly to my skill and knowledge. God has used him to bless me... and it is my determination to share what I know with others through Christa Petrillo Total Horsemanship Training and to be a blessing likewise. I can't recommend to you enough, to take advantage of the opportunity to learn under Josh while he is here in California for the Josh Lyons Reining Accreditation Program at my ranch, Petrillo Equestrian Park, in Winters... If you think this may be something you should pursue, I'd be happy to discuss it with you. God Bless" ~ *Christa*
